### Core Programs

[The Automotive Technology program](#) teaches students how to diagnose, maintain and repair domestic and foreign automobiles.

[The Diesel Technology program](#) teaches students the basic knowledge and skills to diagnose malfunctions in mechanical and electrical systems and make necessary repairs and replacements on diesel engines, commercial vehicles, and heavy.

[The Welding Technology program](#) gives the hands-on training needed to prepare for a flexible career in industries from automotive fabrication to aerospace. Students learn about the procedures and equipment required to weld using gas metal arc (GMAW), shielded metal arc (SMAW), flux-cored arc (FCAW) and gas tungsten arc (GTAW) welders.

### Specialized Training

UTI-Dallas/Fort Worth provides the training necessary to prepare for a career as an entry-level automotive service, diesel service or welding technician.

### **Manufacturer-Specific Advanced Training (MSAT)**

Peterbilt Technician Institute (PTI) – The 12-week program provides exclusive classroom and hands-on experience with the complete lineup of Peterbilt trucks and PACCAR Engines. Students are sponsored by Peterbilt dealerships.

<sup>1</sup> Following completion of the relevant core diesel or auto program.

### **Community Champions**

- Students and staff hold food drives for the North Texas Food Bank and partner with Meals on Wheels to help provide meals to the homebound in Dallas County. They also roll up their sleeves to donate blood to Carter BloodCare.
- UTI- Dallas was named a 2022-2023 Military Friendly School – Gold level - by Victory Media.
